

A Sample of Popular Workshops

Multiple, Alberta Teachers Assoc Awards! + Juno Award Winner!

Award-Winning, Tailor-made, Interactive Professional Development Events... Keynotes & Workshops! c/o Peter Lenton, BA.Honours, B.Ed.

1) Proud Like a Mountain! Using Music to teach Social Studies & Science (K-6)

Tapping Music to teach Social Studies & Science for the “musically yet to be trained!” ACTUALLY DO these musical, storytelling & self esteem boosting activities, to encourage values education & school community building. Detailed handout. See www.puffin.ca

2) Environmentally Tuned to ‘Active Living’ (K-6) Science, Fine Arts Div.I & II

Curriculum-tied, environmental science literacy, activities/games/songs to encourage daily physical exercise. Satisfy both: the science program of studies and the daily “Active Living” requirement for Alberta Schools... with ATA award winning guitar slinger Peter Lenton (B.Ed.) aka Peter Puffin! Detailed handout. See www.puffin.ca for more.

3) Practical Play: Making the Most of Multiple Intelligences (K-6) SCI/LA/SS/Music

Use games to teach learning outcomes! Boost self-esteem & success by inspiring students to cultivate their 8 smartnesses! Activity-based approaches to integrated curriculum, while celebrating the multiple intelligences... reaching and engaging even more students. Come and ACTUALLY DO ready-to-use activities. Detailed hand-out. See www.puffin.ca

“Best session in 13 years of convention, please come back!” “10 out of 5! Get this guy back!”

“Wow! What a way to start Convention!” “Enjoyed this session & I’m leaving inspired & excited to try ideas!”

"Thank you for helping us have such a thoroughly enjoyable time in your very practical session... I'm looking forward to using your activities in my classroom!" *Participant, "Weaving Words" Authors Conference, April 2008.*

4) Sing Your Praises! - Tapping the Power of Song to Celebrate Social Studies (SS) (K-6)

Peter tailors workshop activities to local curricula. From helping Kindergarteners embrace **being unique** and helping others **belong...** to local environmental stewardship in Alberta Communities, and sharing our caring as Global Citizens, music is an exciting and efficient vehicle for addressing K-6 SS curriculum outcomes. Join multiple award winner Peter Lenton (aka Peter Puffin) for a hands-on, interactive, session that will invite you to experience the activities that you can then share with your students next time you see them! Includes detailed hand-out, inspiring stories and heart-lifting songs! CD's/activity booklets, and more info available at www.puffin.ca

5) WILD Writers! Going, Going, GREEN! (K-6)

Tapping Nature to inspire writing. Re-connecting with Nature & tapping the universal language of music, tunes students for creative writing. Come experience these FUN musical, multi-sensory & multiple intelligences activities, to will encourage language / environmental literacy.

6) Habitat is Where It's At! Facilitating Language Literacy by Exploring (Environmental) Sense of Place! (K-6)

Re-connecting with Nature creates increasingly well-adjusted students. Tapping the universal language of music inspires students for more efficient learning. Exploring our sense of place in the 21st century offers rich opportunities for activities that immerse students in the creative writing process. Come experience these FUN musical, multiple sensory and multiple intelligences activities that will encourage language and environmental literacies. See www.puffin.ca for more!

7) **Proud Like a Mountain! Using Music to teach Environmental Science! (K-6)**

Tapping music to teach science literacy for the “musically-yet-to-be-trained!” ACTUALLY DO these musical, storytelling & self esteem boosting, student-driven activities. Encourage curiosity, Nature stewardship, community-building & lifelong learning!

8) **21st Century Kids! If Kids Ruled The World... (in the 21st Century!) (K-6)**

Join multiple award-winning, guitar-slinger Peter Puffin (aka Peter Lenton, B.Ed.) for an empowering, wildly interactive workshop that celebrates the various 21st Century Learning Literacies... *with creativity.*

Inspiring songs, real life storytelling and accompanying activities, that encourage curiosity and authentic, lifelong learning about topics like technology and science / nature stewardship, that matter in the every day lives of students.

Communication and literacy skills can be shared even more efficiently and enjoyably via the universal language of music. This highly interactive concert will excite students (and staff!)... about exploring their rapidly changing world both in, and beyond the classroom!

Peter is a ATA Distinguished Fellow, Billboard Magazine World Songwriting Contest Winner... and just won a **Juno Award for his song (& album!) Proud Like a Mountain!**

We'd welcome the chance join your Convention community! Cheers, Peter
