

## Sampling of Feedback from recent Puffin Residencies!

#1. The students have thoroughly enjoyed working with you – fantastic ideas! Thanks for giving them the chance to explore their creativity. Thank you for sharing your amazing talents with students and staff! *M. Fee Otterson School, Edmonton, AB.*

#2. "I watched Peter get our students so excited about words and writing and recording songs... about classroom subjects and topics they heartfully care about. Then to see the look of pride in their eyes as they stood up to sing their songs so enthusiastically for each other, their parents and the public. **Now that's one of the best processes of cultivating literacy and authentic learning I have ever seen!"** *Principal, Peace River, AB.*

#3. "Thank you for all your advice helping us write a successful grant proposal. It feels like we have had an extra staff member while you have been here!" *Staff comments at Parent Council Meeting during residency, G.W. Smith School, Red Deer, AB.*

#4. First you helped us create our very own school CD and songbook, and we were on the TV News the day the CD's arrived! Then the students shared their songs with the community at the evening concert. Taking the real life learning even further, the students went "on tour with Peter Puffin!" to sing their songs at nearby schools! *Staff, Hillview School, Edmonton, AB.*

#5. It has been an amazing journey! I so appreciate your thoughtful and kind approach to learning. You are the "mountain" and we are all "proud" to have worked with you! *Teacher, Virginia Park Arts Core School, Edmonton, AB.*

#6. "Thank you for bringing such a wonderfully rich residency to our school. Thank you also for being very flexible and wonderful to work with!" *Staff, Alex Munro School, Calgary, AB.*

#9. "Peter left so many ready-to-use curriculum-tied activities at our school, to keep the innovative learning going, after his fantastic artist-in-residence week. Highly practical, easy-to use, the students love them... and him! *Teacher, Alberta, Canada.*
